

# Olive value chain program for small farmers in Morocco

## Islamic Development Bank IsDB

### OBJECTIVES OF THE PROGRAM

Improving the productivity of the olive sector through the development of the various links in the value chain, to ensure the access of small farmers to the market.

### INTERVENTION ZONE

Five (5) regions: Tangier Tétouan Al Hoceima, Oriental, Fès Meknès, Marrakech Safi and Beni Mellal Khénifra.

The program covers eleven (11) provinces.

### DURATION

Five (5) years from 2017 to 2023.

### COMPONENTS OF THE PROGRAM

The project is structured around these components:

- Development of the production infrastructure, including planting olive trees on an area of almost 18 000 Ha, the construction and rehabilitation of rural roads, etc.
- Creation of valorization units.
- Capacity building for farmers, associations, cooperatives and economic interest groups.
- Technical Assistance & Studies.
- Support to project management.
